Product Name : Spiral Dryer Screen (Model : DS 301S)

SPECIFICATION

Material : Polyester

Type of Yarn

Warp : Monofilament

Weft : Monofilament

Thickness (mm) : 2.20

Structure : Spiral

Thread Count/inch

Warp : 40

Weft : 15

Weight (g/m²) : 1400 (+- 50)

Air Permeability : 900 CFM

Tensile Strength

(kgf/cm²) Warp : 250

Weft : 200

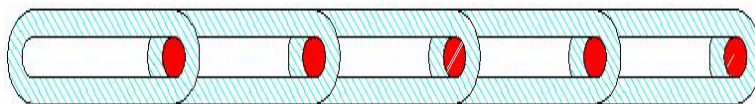

Elongation at Break : 10-20%

Temperature Resistance

(Dry Heat deg.C)

Working Temp. : 180

Sectional View : MD Fabric (Flat Spiral)

1. Stable Structure and Smooth Service
2. Good Runnability
3. Uniform Air Permeability
